Village Comparison Document

Retirement Villages Act 1999 (Section 74)

This form is effective from 1 February 2019

Important information for the prospective resident

- The Village Comparison Document gives general information about the retirement village
 accommodation, facilities and services, including the general costs of moving into, living in and
 leaving the retirement village. This makes it easier for you to compare retirement villages.
- The Retirement Villages Act 1999 requires a retirement village scheme operator to:
 - provide a copy of the Village Comparison Document to a prospective resident of the retirement village within seven days of receiving a request
 - o include a copy of the Village Comparison Document with any promotional material given to a person, other than through a general distribution (e.g. mail-out)
 - publish the Village Comparison Document on the village's website so that the document, or a link to it appears prominently on each page of the website that contains, or has a link to, marketing material for the village
- You can access a copy of this Village Comparison Document on the village website at retireaustralia.com.au/communities/Cleveland-manor/
- All amounts in this document are GST-inclusive, unless stated otherwise where that is permitted by law.

Notice for prospective residents

Before you decide whether to live in a retirement village, you should:

- Seek independent legal advice about the retirement village contract there are different types
 of contracts and they can be complex
- Find out the financial commitments involved in particular, you should understand and consider ingoing costs, ongoing fees and charges (which can increase) and how much it will cost you when you leave the village permanently
- Consider any impacts to any pensions, rate subsidies and rebates you currently receive
- · Consider what questions to ask the village manager before signing a contract
- Consider whether retirement village living provides the lifestyle that is right for you. Moving into a retirement village is very different to moving into a new house. It involves buying into a village with communal facilities where usually some of the costs of this lifestyle are deferred until you leave the village. These deferred costs when you leave your unit may be significant.
- Seek further information and advice to help with making a decision that is right for you. Some useful contacts are listed at the end of this document, including:
 - Queensland Retirement Village and Park Advice Service (QRVPAS) which provides free information and legal assistance for residents and prospective residents of retirement village. See www.caxton.org.au or phone 07 3214 6333.
 - The Queensland Law Society which can provide a list of lawyers who practice retirement village law. See www.qls.com.au or phone: 1300 367 757.

More information

- If you decide to move into a retirement village, the operator will provide you with a Prospective Costs Document for your selected unit, a residence contract and other legal documents.
- By law, you must have a copy of the Village Comparison Document, the Prospective Costs Document, the village by-laws, your residence contract and all attachments to your residence contract for at least 21 days before you and the operator enter into the residence contract. This is to give you time to read these documents carefully and seek professional advice about your legal and financial interests. You have the right to waive the 21-day period if you get legal advice from a Queensland lawyer about your contract.

The information in this Village Comparison Document is correct as at 18 December 2025 and applies to prospective residents.

Some of the information in this document may not apply to existing residence contracts.

applications and development approvals Provide details and timeframe of development or proposed development,	On 17 October 2025, residents of the Village approved a Form 9 Redevelopment Plan (Redevelopment Plan) which sets out a clear, orderly and fair process for the Scheme Operator's proposed development of the New Site. A copy of the Redevelopment Plan is available on request.		
	When construction is complete, the Village may comprise the current Village plus the development on the New Site comprising:		
	 a maximum of 90 new independent living apartments and 10 care hub suites over four multi-story buildings (Buildings A, B, C and D); 		
	 New community facilities including: Commercial kitchen; Café / bar; Large multifunctional indoor community space; BBQ area with seating; 		
	 Landscaped gardens and lawn area for recreational activities; and 		
	Refurbished existing community centre.		
	Some or all of the above proposed construction or dealings with the Village Land may constitute 'redevelopment' for the purposes of section 113C of the Retirement Villages Act 1999		

The operator discloses that:

- at the time or after the resident moves into the Village, there is likely to be construction activity that may create noise and other inconvenience. The operator is committed to reducing the impact on residents by taking mitigating measures when available; and
- subject to the requirements under the Retirement Villages Act 1999 (Qld), the operator may:
 - construct the Village in stages;
 - construct further accommodation units, including as part of future stages at the Village;
 - o alter the type, size, configuration or design of the units;
 - relocate, reconfigure, renovate, redevelop, extend and/or improve any facilities;
 - subdivide or further subdivide a lot comprising the Village Land;
 - construct additional rooms or areas in the Village to be used for the purpose of office, temporary accommodation or administration; and
 - alter the size of the Village, by incorporating additional or adjoining land into the Village or disposing of, or removing, land forming part of the Village.

See 'Access to documents' notice at end of this village comparison document regarding inspection of the development approval documents.

Timing

As at the date of this Village Comparison Document, it is anticipated that construction of:

- Building A and Building B will commence between January and September 2026 and will reach completion between July 2027 and March 2028;
- Building C will commence between December 2026 and August 2027 and will reach completion between March and November 2028: and
- Building D will commence between October 2027 and June 2028 and will reach completion between January and September 2029.

The dates for commencement and completion of construction are estimates only and the scheme operator does not guarantee that construction will commence or be completed by the above dates.

The scheme operator also does not guarantee that the above facilities will be constructed and/or provided. Whether the above facilities are constructed and/or provided will depend on a number of factors including demand for units in the village, availability of finance, market conditions (including sales of new apartments), timing for approvals, weather events, strikes and restrictions arising under public health directions in response to a public health emergency.

	☐ Other costs: Surrender of lease registration costs (currently \$238.14)	
Part 12 – Reinstatement	and renovation of the unit	
12.1 Is the resident responsible for reinstatement of the unit when they leave the unit?	 ✓ Yes □ No Reinstatement work means replacements or repairs that are reasonably necessary to return the unit to the same condition it was in when the resident started occupation, apart from: fair wear and tear; and renovations and other changes to the condition of the unit carried out with agreement of the resident and operator. Fair wear and tear includes a reasonable amount of wear and tear	
	associated with the use of items commonly used in a retirement village. However, a resident is responsible for the cost of replacing a capital item of the retirement village if the resident deliberately damages the item or causes accelerated wear. Entry and exit inspections and reports are undertaken by the operator and resident to assess the condition of the unit.	
12.2 Is the resident responsible for renovation of the unit when they leave the unit?	 ☒ No Renovation means replacements or repairs other than reinstatement work. By law, the operator is responsible for the cost of any renovation work on a former resident's unit, unless the residence contract provides for 	
	the resident s unit, unless the residence contract provides for the resident to share in the capital gain on the sale of the resident's interest in the unit. Renovation costs are shared between the former resident and operator in the same proportion as any capital gain is to be shared under the residence contract.	

Part 13- Capital gain or losses

13.1 When the resident's interest or right to reside in the unit is sold, does the resident share in the capital *gain* or capital *loss* on the resale of their unit?

⊠ No

Part 14 - Exit entitlement or buyback of freehold units

An exit entitlement is the amount the operator may be required to pay the former resident under a residence contract after the right to reside is terminated and the former resident has left the unit.

14.1 How is the exit entitlement which the operator will pay the resident worked out?

The resident receives a repayment of their ingoing contribution.

At this time the money owed by the resident to the operator is set off against this repayment. The resident's exit entitlement is therefore calculated as follows:

repayment of ingoing contribution

less

the Exit Fee (see Part 11, item 11.1)

less

the cost of the Reinstatement Work (see Part 12)

less

• legal costs and registration costs (see Part 11, item 11.2)

less

any other costs (for example, outstanding general services charges) the resident is liable to pay under the residence contract.

14.2 When is the exit entitlement payable?

By law, the operator must pay the exit entitlement to a former resident on or before the **earliest** of the following days:

- the day stated in the residence contract
 - which is 18 months after the termination of the residence contract
- 14 days after the settlement of the sale of the right to reside in the unit to the next resident or the operator
- 18 months after the termination date of the resident's right to reside under the residence contract, even if the unit has not been resold, unless the operator has been granted an extension for payment by the Queensland Civil and Administrative Tribunal (QCAT).

In addition, an operator is entitled to see probate or letters of administration before paying the exit entitlement of a former resident who has died.

14.3 What is the turnover of units for sale in the village?

2 accommodation units were vacant as at the end of the last financial year

7 accommodation units were resold during the last financial year

8 months was the average length of time to sell a unit over the last three financial years.

Part 15 - Financial management of the village
