Village Comparison Document

Retirement Villages Act 1999 (Section 74)

This form is effective from 1 February 2019

Important information for the prospective resident

- The Village Comparison Document gives general information about the retirement village accommodation, facilities and services, including the general costs of moving into, living in and leaving the retirement village. This makes it easier for you to compare retirement villages.
- The Retirement Villages Act 1999 requires a retirement village scheme operator to:
 - provide a copy of the Village Comparison Document to a prospective resident of the retirement village within seven days of receiving a request
 - o include a copy of the Village Comparison Document with any promotional material given to a person, other than through a general distribution (e.g. mail-out)
 - publish the Village Comparison Document on the village's website so that the document, or a link to it appears prominently on each page of the website that contains, or has a link to, marketing material for the village

You can access a copy of this Village Comparison Document on the village website at https://retireaustralia.com.au/communities/wellington-manor

 All amounts in this document are GST-inclusive, unless stated otherwise where that is permitted by law.

Notice for prospective residents

Before you decide whether to live in a retirement village, you should:

- Seek independent legal advice about the retirement village contract there are different types
 of contracts and they can be complex
- Find out the financial commitments involved in particular, you should understand and consider ingoing costs, ongoing fees and charges (which can increase) and how much it will cost you when you leave the village permanently
- Consider any impacts to any pensions, rate subsidies and rebates you currently receive
- Consider what questions to ask the village manager before signing a contract
- Consider whether retirement village living provides the lifestyle that is right for you. Moving into a retirement village is very different to moving into a new house. It involves buying into a village with communal facilities where usually some of the costs of this lifestyle are deferred until you leave the village. These deferred costs when you leave your unit may be significant.
- Seek further information and advice to help with making a decision that is right for you. Some
 useful contacts are listed at the end of this document, including:
 - Queensland Retirement Village and Park Advice Service (QRVPAS) which provides free information and legal assistance for residents and prospective residents of retirement village. See www.caxton.org.au or phone 07 3214 6333.
 - The Queensland Law Society which can provide a list of lawyers who practice retirement village law. See www.qls.com.au or phone: 1300 367 757.

More information

- If you decide to move into a retirement village, the operator will provide you with a Prospective Costs Document for your selected unit, a residence contract and other legal documents.
- By law, you must have a copy of the Village Comparison Document, the Prospective Costs Document, the village by-laws, your residence contract and all attachments to your residence contract for at least 21 days before you and the operator enter into the residence contract. This is to give you time to read these documents carefully and seek professional advice about your legal and financial interests. You have the right to waive the 21-day period if you get legal advice from a Queensland lawyer about your contract.

The information in this Village Comparison Document is correct as at 18 December 2025 and applies to prospective residents.

Some of the information in this document may not apply to existing residence contracts.

Part 10 – Ongoing Costs - costs while living in the retirement village

General Services Charge: Residents pay this charge for the general services supplied or made available to residents in the village, which may include management and administration, gardening and general maintenance and other services or facilities for recreation and entertainment described at 7.1.

Maintenance Reserve Fund contribution: Residents pay this charge for maintaining and repairing (but not replacing) the village's capital items e.g. communal facilities, swimming pool. This fund may or may not cover maintaining or repairing items in your unit, depending on the terms of your residence contract.

The budgets for the General Services Charges Fund and the Maintenance Reserve Fund are set each financial year and these amounts can increase each year. The amount to be held in the Maintenance Reserve Fund is determined by the operator using a quantity surveyor's report.

Note: The following ongoing costs are all stated as weekly amounts to help you compare the costs of different villages. However, the billing period for these amounts may not be weekly. 10.1 Current weekly rates of General Services Charge and Maintenance Reserve Fund contribution Type of Unit General Services Charge **Maintenance Reserve Fund** (weekly) contribution (weekly) **Independent Living Units** One bedroom \$25.04 \$119.30 Two bedroom \$28.63 \$136.35 Two bedrooms + study \$32.22 \$153.40 Three bedrooms \$163.03 \$34.25 Last three years of General Services Charge and Maintenance Reserve Fund contribution **General Services** Overall % Maintenance Overall % Financial Charge (range) change from **Reserve Fund** change from year (weekly) previous year contribution (range) previous year (weekly) (+ or -) 2024/25 1.10% \$110.73 to \$151.31 18.47% \$25.56 to \$34.95 2023/24 \$93.47 to \$127.72 6.24% \$25.28 to \$34.57 0% 2022/23 \$87.98 to \$120.00 5.45% \$25.28 to \$34.57 6% 10.2 What costs □ Contents insurance ☐ Water relating to the units ☐ Home insurance (freehold units are not covered by the **General Services** only) ⊠ Internet Charge? need to pay or contribute to?	\boxtimes	⊠ Legal costs		

Part 12 – Reinstatement	and renovation of the unit	
12.1 Is the resident responsible for reinstatement of the unit when they leave the unit?	Reinstatement work means replacements or repairs that are reasonably necessary to return the unit to the same condition it was in when the resident started occupation, apart from: • fair wear and tear; and • renovations and other changes to the condition of the unit carried out with agreement of the resident and operator. Fair wear and tear includes a reasonable amount of wear and tear associated with the use of items commonly used in a retirement village. However, a resident is responsible for the cost of replacing a capital item of the retirement village if the resident deliberately damages the item or causes accelerated wear. Entry and exit inspections and reports are undertaken by the operator and resident to assess the condition of the unit.	
12.2 Is the resident responsible for renovation of the unit when they leave the unit?	 ✓ Yes, all residents pay % of any renovation costs (in same proportion as the share of the capital gain on the sale of their unit) ☐ Optional, only applies to residents who share in the capital gain on the sale of their unit, and the resident pays % of any renovation costs ☑ No Renovation means replacements or repairs other than reinstatement work. By law, the operator is responsible for the cost of any renovation work on a former resident's unit, unless the residence contract provides for the resident to share in the capital gain on the sale of the resident's interest in the unit. Renovation costs are shared between the former resident and operator in the same proportion as any capital gain is to be shared under the residence contract. 	
Part 13- Capital gain or	losses	
13.1 When the resident's interest or right to reside in the unit is sold, does the resident share in the capital <i>gain</i> or capital <i>loss</i> on the resale of their unit?	 Yes, the resident's share of the the resident's share of the capital gain is % the resident's share of the capital loss is % □ Optional - residents can elect to share in a capital gain or loss option the resident's share of the capital gain is % the resident's share of the capital loss is % 	

Part 14 - Exit entitlement or buyback of freehold units

An exit entitlement is the amount the operator may be required to pay the former resident under a residence contract after the right to reside is terminated and the former resident has left the unit.

14.1 How is the exit entitlement which the operator will pay the resident worked out?

The resident receives a repayment of their ingoing contribution.

At this time the money owed by the resident to the operator is set off against this repayment. The exit entitlement is therefore calculated as follows:

- repayment of ingoing contribution less
- the Exit Fee (see Part 11, item 11.1)
 less
- the cost of the Reinstatement Work (see Part 12)
 less
- legal costs and registration costs (see Part 11, item 11.2)

any other costs (for example, outstanding general services charges) the resident is liable to pay under the residence contract.

14.2 When is the exit entitlement payable?

By law, the operator must pay the exit entitlement to a former resident on or before the **earliest** of the following days:

- the day stated in the residence contract
 - which is 18 months after the termination of the residence contract
- 14 days after the settlement of the sale of the right to reside in the unit to the next resident or the operator
- 18 months after the termination date of the resident's right to reside under the residence contract, even if the unit has not been resold, unless the operator has been granted an extension for payment by the Queensland Civil and Administrative Tribunal (QCAT).

In addition, an operator is entitled to see probate or letters of administration before paying the exit entitlement of a former resident who has died.

14.3 What is the turnover of units for sale in the village?

3 accommodation units were vacant as at the end of the last financial year

10 accommodation units were resold during the last financial year

4.5 months was the average length of time to sell a unit over the last three financial years

Part 15 - Financial management of the village

Part 16 - Insurance

The village operator must take out general insurance, to full replacement value, for the retirement village, including for:

- communal facilities; and
- the accommodation units, other than accommodation units owned by residents.

Residents contribute towards the cost of this insurance as part of the General Services Charge.

16.1 Is the resident responsible for arranging any insurance cover? If yes, the resident is responsible for these insurance policies:

Livable Housing Australia (LHA)

The Livable Housing Guidelines and standards have been developed by industry and the community to provide assurance that a home is easier to access, navigate and live in, as well as more cost effective to adapt when life's circumstances change.
